WASHINGTON. Sept. 8.—On the basis of personal reports to certain administration leaders a more optimistic view of the rail strike situation was apparent today in government circles

than in the past week.

Several officials who have been close personal touch with strike developments declared that settlement of the labor controversy on a number of roads was ferences which they under stood to be in progress in Chiengo.

The Chicago meetings were said to have been largely a result of efforts on the part of Daniel Wilhird of the Balti-more and Obto railroad who was understood to have associated with him reperated track

Attorney General Daugherty in a statement tonight, said the government tween the railreads and their employes but declared that such negotiations would not be interfered with by the temporary restraining order inc

"The government would not contend that either party to the controversy was denied by the temporary restraining order any right of epportunity to confer between themselves as to the possible terms of such cettlement," Mr. Daugherly said.
